

Golden Brown

Golden brown, like a temptress.

Golden brown. Always a nice sound.

Never a frown, there's no contest,

spuds golden brown, no feeling down.

Supper time, could be your last.

Take your time, don't eat too fast.

We like you best! Oh to be blessed.

Never a frown, spuds golden brown.

Golden brown Crisp is the sound.

When you bite, you sink and excite.

Heaven on earth, tonight's the night, what a

delight. Spuds golden brown.
