

It's raining shoes.

The fever is rising

The highland is way down low.

Prince Trofmoc to the rescue.

The lowland's going to know.

Gotta fight for the first time.

Just around half past two.

It's the end of your misery.

Have I got shoes for you!

It's raining shoes Hallelujah it's raining shoes again!

It's raining shoes Hallelujah it's raining shoes Amen!
