

Just can't get enough. *By Depeche Mode. Short version.*
Adjusted lyrics by Edward Radburn. 20. 10. 2023

Gunna be a big bang!
Bits flying overhead!
Cos, you just can't get enough!
Cos, you eat too much plum duff!

All the food you hide away!
Red jellies and fried bread.
Cos, you just can't get enough!
Cos, you eat too much cream puff!

You grunt and groan as you try in vain,
cos your trousers do not fit you anymore.

A king of pleasure.
Jam doughnuts are your treat.
Cos, you just can't get enough!
Cos, you just can't get enough!

Every time we turn away,
we know you're going to eat.
Cos, you just can't get enough!
Cos, you just can't get enough!

You can't resist, sausages for tea!
No, you just can't seem to get enough of...

You just can't get enough!
You just can't get enough!
You just can't get enough!
You just can't get enough!

You just can't get enough!
You just can't get enough!
You just can't get enough!
You just can't get enough!

You just can't get enough!
You just can't get enough!
You just can't get enough!
You just can't get enough!

Music fades.
