

Switch to fear. *From Goldfrapp. Ooh la la*

Lyrics Eddy Radburn

*Down on your knees dear!
Feeling my spell begin!
Switch to fear, turn to sin,
you cannot run n' hide, you're in my sphere!
Switch to fear, turn to sin.
Do not resist me or you'll disappear!*

*I say do not dare resist me!
Or you will not survive me!
I say do not dare resist me!
No, you cannot defy me!*

*You know I want your soul
I wanna take you down
you're gonna lose control
A new girl's in town*

*Cinderella dreams
She is on my list
Don't you hear her scream?
I cannot coexist!*

*I say do not dare resist me!
Or you will not survive me!
I say do not dare resist me!
No, you cannot defy me!*

Music fades
