

## **Switch to fear.** *From Goldfrapp. Ooh la la*

*Lyrics Eddy Radburn*

*Down on your knees dear!  
Feeling her spell begin!  
Switch to fear, turn to sin.  
You cannot run n' hide, you're in her sphere!  
Switch to fear, turn to sin.  
Do not resist her or you'll disappear!*

*I say do not dare resist her!  
Or you will not survive her!  
I say do not dare resist her!  
No, you cannot defy her!*

*You know she wants your soul  
She's gonna take you down  
You're gonna lose control  
A new girl's in town*

*Cinderella dreams  
She is on her list  
Don't you hear her scream?  
She cannot coexist!*

*I say do not dare resist her!  
Or you will not survive her!  
I say do not dare resist her!  
No, you cannot defy her!*
